CVA's transitional housing program is designed to meet the needs of the community and to address the growing demand for housing opportunities for the individuals and families we serve.

CVA is proud of this award-winning program and the work it has grown over the past years. CVA's Transitional Housing Programs provides subsidized housing for up to 15 households for up to 24-months. Based on the unique needs of each household, this program offers support and resources for participants to develop stability and skills to live independently in their own safe homes.

The program allows for an essential "next step" for families believing emergency shelter is unsafe. Since the beginning of the all-family-based transitional housing, CVA has housed 116 households, and is currently housing 10 households of 16 adults and 12 children. These CVA Transitional Housing Program participants shared how their families found hope and grew stronger:

"I felt alone and like I didn't have anyone who could help me. I didn't think things could change and I thought things were bad because it was my fault. The support I received to the CVA transitional housing program has helped me see that I am not to blame for the choices in my home and that things can get better. I feel hopeful about my future and the life I am building." - CVA's transitional housing program gave me and my child the opportunity and time to feel like we can make our own decisions about our lives."

"While I was in the CVA transitional housing program, I had to change jobs to support my children, which meant I wasn't working for a month. Without this program, we would have been back on the streets, but with it, I was able to make a decision that benefitted my family and we are better for it today." - Meet Clark the CAV Service Dog!

CAV PREVENTION, OUTREACH & EDUCATION

Our Outreach, Prevention, and Education teams work to educate and engage the entire community in preventing domestic and sexual violence. Their job is to raise awareness of how to stop violence before it happens in our schools, churches, businesses, and families through educational presentations, business training, community events, and media awareness.

Last year, the Prevention program spent 704 hours working with 22 participants in CAV's Battered Intervention Programs.

The Prevention program provided educational services including:

- Providing 3 outreach presentations to 450 people
- Organizing and participating in 4 community events
- Working 1,130 hours through primary prevention programs throughout Teton County and Teton Public schools
- Training the Victims program to businesses and organizations to increase safety of their location for both youth and adults.

企业的支持和资源为参与者提供了发展能力和技能，以独立地在他们自己的安全家中生活。

这些CVA过渡性住房计划的参与者分享了他们的家庭是如何找到希望和变得更强大的。

"我感到孤独，好像没有人能帮助我。我不认为事情会改变，我认为事情很糟糕，因为这是我的错。过渡性住房计划的支持帮我看到，我并不应该为家中的选择负责。

"虽然我在CVA过渡性住房计划中，我不得不换工作来支持我的孩子们，这意味着我一个月没有工作。没有这个计划，我们可能会回到街上，但有了它，我能够做出一个有利于我家人的决定，并且我们现在更好了。" - 请见拉克·CVA服务犬！

Annual Report Community Against Violence

Supporting a community free from domestic & sexual violence

For over 30 years, Community Against Violence (CAV) has been a nonprofit agency providing emergency services, shelter, advocacy, and counseling to survivors of domestic and sexual violence. CAV continues to grow and serve more people than ever before.

A major part of CAV’s success is the support of the Northern New Mexico community. Financial donations and dedicated volunteers from all over Taos County and surrounding areas are crucial for CAV.
